

# Church Building Projects: Purpose, Planning, Procurement

## One-Day Workshop – 10am – 4pm

**This workshop** was developed in 2016 by the National Stewardship & Resources Team for churchwardens, PCC members, Treasurers, clergy, Building Committee Members, Project Managers and others involved in starting a building project in your church or church hall.

In a process which involves a lot of money, a lot of time and some changes to your church building, avoiding some of the common pitfalls is not just a question of using your common sense.

Attending this workshop will help you to benefit from the collective wisdom of experts and of people who have been involved in successful projects in the past. By focussing on the main questions, it will help you to find and work with professionals effectively to achieve your church's goals.

### Some key risks of building projects

(even quite small ones)

We didn't set out right

It cost a lot more than we were expecting

People aren't responding the way we hoped

Some things were badly delayed

We were too optimistic

### We will focus on six big questions:

- How do you get project scope right and to budget?
- What organisations do you need to involve and how do you work with them effectively?
- How do you organise and how do you find the right professionals?
- The practical processes and things to avoid – what are they?
- What must you do, and what ought you to do?
- Raising the money – how do you budget it and how not to waste it?

Delegates will be invited to provide critical feedback and comment on its components to make it better for future delegates. Preferred numbers are 15-25 per workshop.

**See next page for what past delegates have found most useful about the workshop.**

This workshop complements the Funding Capital Campaign workshops which are facilitated by Eleanor Stead (previously Gill) – see [www.parishresources.org.uk/funding-capital-projects](http://www.parishresources.org.uk/funding-capital-projects). You may wish to consider hosting for your parishes one of these helpful workshops on fundraising.
